1. ON/OFF switch
2. Micro USB port
3. 3.5mm AUX IN
4. Volume down
5. Volume up
6. Play/Pause/Hands-free control
7. Previous song
8. Next song
9. Microphone
10. LED indicator

PRODUCT OVERVIEW

You can use this item with any compatible, Bluetooth®-enabled device to stream music and enjoy hands-free calling. In order to get the best results when using this device, please read this manual first before using.

CHARGING

Use the included charging cable to fully charge the speaker before first use. It will take approximately 4-4.5 hours to fully charge. The red LED will flash when the battery is low and the speaker will automatically turn OFF when the battery has to be recharged.

- The red LED will be ON while the speaker is charging
- The red LED will turn OFF once charging is complete
- When the battery is low, the red LED will flash every two seconds
- Unplug the speaker once it is fully charged

NOTE: The speaker may become warm while charging.

PAIRING

1. Place the speaker within 9.1m (30ft.) of your Bluetooth® device.
2. Slide the ON/OFF switch to turn the speaker ON. The blue LED will flash quickly to indicate it is in Bluetooth®-pairing mode.
3. Turn the Bluetooth® ON in your device settings and select "atune analog 04", enter password "0000".
4. Once paired successfully, the LED indicator will turn solid blue.
5. If you fail to pair your device, or you want to pair it with a new device, please repeat the steps outlined above.

NOTE: If no device is paired within 15 minutes the speaker will turn OFF.

HANDS-FREE SPEAKERPHONE

When a smartphone is connected to your speaker follow the steps below to take calls handsfree.

1. If there is an incoming call while music is streaming, it will stop and your phone will ring through the speaker.
2. Press the button to answer the call.
3. Press the button again to hang up the call.

UNDERSTANDING THE LED STATUS LIGHTS

- **When charging your speaker**
 - Solid red LED=charging
 - Red LED OFF=charging complete
- **When pairing your speaker to a Bluetooth® device**
 - Quick blinking blue LED=Bluetooth® not connected, ready to pair
 - Solid blue LED=Bluetooth® connected and not playing
 - Blue LED blinking slowly=Bluetooth® connected and playing
- **When playing through AUX IN**
 - Solid blue LED=connected and playing

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

TROUBLESHOOTING

No Sound:

- Power ON the speaker and charge the battery
 - Increase the volume on your speaker and Bluetooth® device
 - Make sure you are using the correct paired device
 - Move your Bluetooth® device closer to the speaker and away from any interference or obstructions
 - Use a different music source
- Distorted sound:
- Decrease the volume on your speaker and Bluetooth® device

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your local authority for recycling advice.

WARNINGS

- DO NOT immerse in water
 - DO NOT expose to extreme temperatures or direct sunlight
 - DO NOT use in an aircraft or in a hospital
 - DO NOT re-engineer or operate with any other antenna or transmitter
 - Protect from excessive static electricity
 - Handle with care
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.
- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.
